Subject: Online training - info is there this time
Date: Thursday, March 04, 2010 5:51:45 AM

FYI,

I received the following information from the DVC-IL on some new tasks that your members may be taking on-line at the USCG Learning website:

The 5 training items are:

1. **Privacy Awareness Training**
2. **Security Education (and) Training Awareness (SETA) Training**
3. **Influenza Training (only once career)**
4. **Sexual Harassment (andAssault Prevention/Response (SHAPR) Training**
5. **Information Systems Security**

Per Bob Platt, National AUXDATA:

"
All 5 of those Mandatory Training items INF, PA, SETA, SHAPR, and ISS are now in Task Capture, in both the Activity Logs and the Training Modules.

As all of these are taken on line at https://learning.uscg.mil. There is no need to add them to the 7039 form.

When the member completes one of the above, they print out a certificate. All the member
needs to do is send a copy to their SO-IS.

The SO-IS then enters a 06B mission, enters the student as a Trainee (no Lead) and selects the task and credit the member with it. I've tried this and it works."

If you have any questions or problems entering them, please let me know.
